This document presents the work programme designed by the City of Lisbon in the context of its participation in the Agenda 21 for culture’s Pilot Cities Europe Programme. The work programme has been drafted by a group of local stakeholders, following the results of the initial self-assessment workshop and the document resulting from it, known as ‘Radar 1’. Advice has been provided by Catherine Cullen, the expert designed by the Committee on Culture of United Cities and Local Governments (UCLG) and Culture Action Europe to support Lisbon in the context of the programme. The Pilot Cities Europe Programme is coordinated by the Committee on Culture of UCLG and Culture Action Europe, in collaboration with the Council of European Municipalities and Regions (CEMR).

The work programme outlines briefly the actions which Lisbon plans to implement between mid-2016 and late 2017. Based on the commitments and actions outlined in the Culture 21 Actions toolkit, it is particularly meant to address the strengths and weaknesses identified in the initial self-assessment. The work programme will be subject to regular monitoring by the City of Lisbon, other local stakeholders and the external expert, and changes may be introduced if necessary. The implementation of the work programme will conclude with a final conference, which will allow the city to review and disseminate progress made, and to foresee future steps.

The results of the work programme will be presented in due course in Lisbon’s page on the Agenda 21 for culture website.
PILOT MEASURES

PILOT MEASURES INCLUDE SPECIFIC PROJECTS DESIGNED TO ADDRESS THE PILOT CITY’S WEAKNESSES AS WELL AS ILLUSTRATIVE PROJECTS WHICH CAN SERVE TO HIGHLIGHT ITS STRENGTHS. THEY CAN BE SMALL-SCALE INITIATIVES WHICH COULD LATER BE REPLICATED AT CITY LEVEL, OR CAN BUILD ON PRE-EXISTING EXPERIENCES.

## 2. EMERGING LITERACY FOR FAMILIES – MARVILA LIBRARY

This pilot measure is directed to families of teenage parents with children from 9 months to 3 years in the Marvila library and in articulation with local stakeholders.

Working on emerging literacy and in contact with other artistic areas (music, dance and theatre), children will be the drivers of a multiplier effect on the interest for reading and cultural activities through families’ involvement.

Continued work with families in 10 sessions (during 5 months), on Saturdays twice a month for a group of 10 adults + 10 children to explore books through mediation activities that can be replicated outside the library within their families. Sessions will be accompanied by live piano music.

### WHO IS INVOLVED

- Marvila Library
- Pilot - Cities team
- Local Nurseries and kindergarten
- Local health center
- Gebalis [municipal social housing management structure]
- ISPA [Psychological and behavioural sciences institute]
- Nuclisol - Association for the child’s development, integration and Solidarity
- Prodac [Association

### DATES

- December 2016 – September 2017

### MONITORING METHODS

- Surveys and Questionnaires at the beginning and end of each action
- Analysis of social aspects, motivations, expectations and attitude towards the importance of reading in the children’s development
- Number of books requested by the families
- Direct observation of the participants during the activities

### OTHER REMARKS

Possibility of creating 2 groups: one for families only and another one open to families from other areas and compare the results of both groups.

## 2. A SQUARE IN EACH NEIGHBORHOOD

The Urban Planning Department of the City Council is undertaking a rehabilitation programme to create a public square in each neighborhood. The cultural dimension of this project has not been yet taken into account.

This pilot measure will complement the urban project with cultural activities. We will choose 3 of these squares as pilot territories to implement a participatory programme for the population. From this participatory process, the municipality will promote projects which add a cultural dimension in the use of public space creating a sense of neighborhood; projects that mirror what the square means to the local population.
