Structured as a road movie, the 2 routes we are going to follow during the II GYCF are assembled by areas; this allows to go switching from one to another completely different spot. It is that clash and coexistence of several antagonist realities that we think is a good starting point to track.

All participants will follow both Field Trips East and West on 22<sup>nd</sup> and 23 October. The days assigned to each field trip will be decided jointly with participants.

- **Field Trip Road East**
