Dear members of UCLG's Working Group on Culture,

We are pleased to announce that the website <http://www.agenda21culture.net> has been updated with a new image and contents. The website reflects the information related to the "culture" pages of UCLG's site. Additionally, it includes reports, articles, seminars, conferences, pictures, logos and all kind of documents related to the Agenda 21 for culture. We invite you to visit and use the new website, and we strongly encourage you to help improving it with your comments and suggestions.

Yours faithfully,

The UCLG World Secretariat
